Emergency Services Levy (Fixed Property)

Circular No. 258

SUMMARY OF CHANGES FOR 2005/2006

**EMERGENCY SERVICES FUNDING ACT 1998
(Fixed Property Component)**

The Government has established rates for the fixed property component of the Emergency Services Levy and in order to implement these rates, the necessary regulations under the *Emergency Services Funding Act 1998* ("the Act") have been brought into force. This circular outlines these rates, which are effective from 1 July 2005.

1. Levy Rates for Fixed Property

The Prescribed Levy Rate for the 2005/2006 financial year has changed from 0.001232 to 0.001160. This affects the determination of the remission contributed by the Government to the Community Emergency Services Fund.

Effective Levy Rates for 2005/2006 will remain the same, except for the rate applied to Industrial Land. This rate has been lowered from 0.001232 to 0.001160 and, to avoid the need to account for negative remissions, the Land Use Factor has also changed for Industrial Land from 1.42 in 2004/2005 to 1.508 in 2005/2006. The net result of these changes is that it delivers, as close as is possible, the same effective rate for Industrial Land to that applied for the 2004/2005 financial year.

Appendix 1 provides details of all the formulae and factors for the 2005/2006 financial year.

2. Application Fee for a Certificate of ESL Payable

Effective from 1 July 2005, the ESL Certificate fee under section 14 of the Act is \$10.70.

Further information can be obtained by contacting the Emergency Services Levy Helpline on 1300 366 150 between 8.30am and 5.00pm Monday to Friday, or by any of the means listed below.

SUMMARY OF THE ESL FORMULA FOR THE 2005/2006 FINANCIAL YEAR

1. Levy Formula

State Government remissions are granted to all property types. To determine the value of remission to be applied, the levy is calculated in full using the Prescribed Levy rate, and then the calculation is performed using the ‘effective’ components detailed in the tables below. The remission applicable is the difference between the full Levy amount and the ‘effective’ Levy amount.

	FIXED CHARGE	
<i>Plus</i>	<u>VARIABLE CHARGE</u>	(Capital Value x Area Factor x Land Use Factor x Prescribed Levy Rate)
<i>Equals</i>	GROSS LEVY	(The amount of Levy applicable before State Government concessions are applied)
<i>Less</i>	REMISSION	(The difference between the GROSS LEVY and the Levy amount calculated using the ‘Effective’ components outlined in the tables below)
<i>Less</i>	CONCESSION	(Up to \$40 for pensioners, self funded retirees and other eligible beneficiaries)
<i>Less</i>	PAYMENTS	
<i>Plus</i>	<u>ARREARS</u>
